I represent Dr. Michel Neret. Please direct any and all communications regarding this matter to me.

On behalf of Dr. Michel Neret, demand is made that you and your affiliates including but not limited to Lesly Lopez a/k/a Ruth Berenstein and GeneralHealth Group, Inc. refrain from further attempting to access or interfere with any accounts or other property of Dr. Neret's practice. Without waiver of the foregoing, if for some reason you claim that any of this information is incorrect, please provide your full name and home address and the full name and home address of Ms. Lopez and Ms. Berenstein, and a photograph of your driver's license, so that your identities can be verified.

Noah,

I'm going to repeat once more for the record. Mark does not work with GHG anymore.

Former employees' information will not be disclosed. I think you are educated to know that no company would provide that especially with the profanity and slander and threats that Michael has made towards Mark via text messages.

Please see attached my passport. I do not see any reason or benefit as to my house address especially with Michael's recent erratic behavior;

Hi Noah,

Mark(Mordy) has been released of his duties and no longer works at GHG. You can direct all your communications to me.

I am not quite sure who you are referring to as a sham entity but perhaps doing some research on your end would help go a long way.

MG Neret was at a point of putting personal savings in to save his own practice because of his fraudulent coding tactics which was brought up to him at the beginning of this acquisition. Since the takeover, we increased the intake of the collections by more than 18% as its clear on the bank statements that we have with us. That is just one of the things we have done for the potential of the practice;

We are already discussing with USBank, IBC bank, and the government payer entities the fraudulent work that Michael has done over the past few years to ensure that this does not affect our integrity in any way shape or form. Thankfully we also have his forms for the past fraudulent coding work done and the letters sent by multiple entities to him to stop the work.

Unfortunately once our chairman (who was one of the originators of most of the unitedhealth programs that Dr Neret uses) called Dr Neret out on his scams and he was furious after this;

My marital name is not of your concern or Dr Neret as he was fully aware of this from the beginning (with multiple emails) what my pre-marital name was

We will not cease and desist. We demand all the money put into digital marketing work and the billing set up and work done which approximates about \$15,000. We can either settle this between us or in front of an honorable judge. We are not in any way receding from this rightful transaction;

Please keep your emails free of accusations and with respect or they will not be replied to;

Dear Provider,

WellMed Medical Management processes and pays claims for members enrolled in Medicare Advantage plans. WellMed is required by the Centers for Medicare & Medicaid Services (CMS) to analyze claims payment data in order to identify areas with the greatest risk of inappropriate program payment. Specifically, WellMed is required to investigate situations of potential fraud, waste, and abuse.

Your practice has been referred to the Payment Integrity division due to concerns with your billing practices. Specifically, we have noted inappropriate billing pertaining to manipulated amniotic and/or placental tissue biologics. These are experimental exosome biologic products that have not been proven to be safe and effective for any medical use. Under Section 1862(a)(1)(E) of the Social Security Act, per the Food and Drug Administration (FDA), these products may only be provided within approved investigational new drug (IND) trials.

Please refer to the FDA's Tissue Reference Group (TRG) or the FDA's Office of Combination Products to obtain written feedback regarding how the product is appropriately regulated. You may find additional information from the FDA at the references listed below.

You are receiving this notice of an overpayment letter as an impacted provider. The total overpayment amount due is **\$6,965.00**. The claims concerning manipulated amniotic and/or placental tissue biologics for dates of service on or after December 6, 2019, shall be denied. Auto recoupment of this overpayment has been set. If you prefer to make the refund by check instead, please advise this office immediately and send your overpayment to:
